October 5, 2000

Dear Harold,

Good to hear from you. And – apologies for not responding more quickly. I had hoped to have a chance to do a survey of what manuscripts I have paper or electronic copies of before responding. I have not had a chance to go through my diskettes at home, but I do have a number of manuscript copies in my office. I will attach a list – and will add to it the diskettes from home as soon as I can (hopefully, this weekend).

Nancy and I so much enjoyed spending some time with you and Lil during the summer. I hope we can do so again before too long.

I hope that you are both still able to get out and around a little.

Nancy continues to work relatively long hours, but is still enjoying her work. She sends her best to you both.

Take care.

Dennis
